CONSTITUTION

MANITOBA CURLING ASSOCIATION

1 The Association shall be called the "Manitoba Curling Association," and shall be affiliated with the Royal Caledonian Curling Club of Scotland.

2 The object shall be to promote the game of Curling, in the Province of Manitoba, adjoining provinces, and the neighboring United States; to unite all curling clubs therein into one organization, to hold fraternal intercourse with other neighboring Curling Associations; and to maintain connection with the Royal Caledonian Curling Club of Scotland.

3 Its membership shall consist of the Honorary Members of the Association, and regular and honorary members of all curling clubs which may be received into the Association and conform to the rules thereof as adopted.

4 The affairs of the Association shall be managed by a Representative Body composed of one delegate elected by each affiliated club, together with all Past Presidents of the Association and retiring members to the immediate past Executive Council; which shall have power to elect, from among the members of the Association, the office-bearers of the Association and to appoint Committees for the transaction of business thereof.

5 An Annual General Meeting of the members of the Association shall be held in Winnipeg on the third Wednesday of April in each year to receive the Annual Report of the Executive Council, Annual Reports of affiliated clubs, fix dates of Annual Bongsplels, and to transact such other business as may be necessary.

6 At the Annual Meeting, the delegates shall elect for the year ensuing the office-bearers of the Association, who shall come into office immediately upon their election and continue as such until successors are appointed. They shall consist of: Honorary Life Patron, Patron, President, First and Second Vice-Presidents, Chaplain, two Auditors, a Bard, and an Executive of twelve members. The persons eligible for election as officers of the Association or on the Executive shall be members in good standing of any club in affiliation with the Manitoba Curling Association.

7 The Executive Council shall consist of the President, First and Second Vice-Presidents, Executive of twelve members, Presidents of City Curling Clubs, three members of the City Council of Winnipeg, and the retiring President of the Association.

8 The Executive Council shall appoint a Secretary-Treasurer, who shall, subject to the direction of the Executive Council, have the supervision of the proceedings and financial affairs of the Association, conduct the correspondence, countersign all cheques, collect all dues, and keep a correct account of all receipts and expenditures of the Association, keep a record of all meetings of the Association, Executive Council and the Committees thereof, and such other duties as may be designated from time to time by the Executive Council. The term of engagement of the Secretary-Treasurer and all other matters relating thereto shall be in the discretion of the Executive Council.

9 A Semi-Annual Meeting of the Association shall be held on the third Wednesday of November in each year to organize for the curling season, receive the semi-annual reports of affiliated clubs, and transact such other business as may have arisen since the Annual Meeting. Fifteen members shall constitute a quorum at meetings of the Association, and seven at any meeting of the Executive Council.

10 Any regularly affiliated club shall, in addition to selecting one regular delegate from its members, elect an alternate delegate from its own or some other club, so that such club shall have an accredited delegate at all regular meetings of the Association.

11 The President shall preside at all meetings of the Association and Executive Council. He shall sign the minutes of such meetings (after they have been confirmed), official documents, and sign all cheques. He shall have a casting vote in case of a tie, as well as a deliberative vote.

12 In the absence of the President, the First Vice-President shall take the place and discharge the duties of the position, and the second Vice-President shall have the same authority in the absence of the President and First Vice-President, and should all of them be absent from any meeting, it shall be competent for the meeting assembled to elect a chairman, who shall have pro tem, all the rights and powers of the President.

13 The books and accounts of the Association shall be audited annually and reported thereon to the Association at the Annual Meeting.

14 The standing Committees of the Executive Council shall be as follows: Finance, Programme, Ice, Reception, Publicity and Credential Committees. Five shall constitute a quorum.

15 The Finance Committee shall have charge of all finances of the Association, provide ways and means for revenue for its maintenance, supervise all expenditure and approve all accounts before payment.

16 The Programme Committee shall have charge of the admission of clubs into affiliation, and the arranging of district matches and the programme and prize-list for the Annual Bongsplel. It shall also have charge of the Annual and all printing of the Association.

17 The Ice Committee shall have charge of the draws and rinks and the transportation of rocks at the Annual Bongsplel. It shall name the chief and other Umpires for all regular and special matches of the Association, and arrange for a special committee on complaints and appeals, in the event of any dispute arising in competitions during the Bongsplel or at any other special matches held under the direction of the Association.

18. The Reception Committee shall have charge of meeting all visiting delegates or curlers to the Annual Bonspiel or meetings of the Association, and to make provision for hotel or other accommodation, and give them all necessary information as to such meeting. It shall also, in the event of a banquet or other entertainment to visiting curlers, take full charge of same and arrange any programme for such reception.

19. Publicity Committee shall have charge of all matters pertaining to the general publicity of Bonspiel and Association.

20. It shall be the duty of the Credential Committee to check over the list of delegates and alternates appointed to Annual Meeting and submit their names to the presiding officer of such meeting, and, in the event of any club not having appointed their delegate or alternate in the regular manner within two weeks prior to the Annual Meeting of the Association, the Secretary of the Association shall write all such club or clubs, asking it or them to name their delegate or alternate for the Annual Meeting of the Association.

21. The Association at its Annual Meeting may appoint two Honorary Life Members, in recognition of special services to the Association and to the game of curling.

22. The Constitution of the Association shall not be altered or repealed until approved of by at least two-thirds of the members present at a meeting of the Association and unless notice of such alteration or addition shall have been previously given at the preceding Annual or Semi-Annual meeting.

CLUBS

1. Any curling club shall be eligible to be received into the Association (subject to the approval of the Executive Council) which has a membership of not fewer than sixteen persons, and which has a constitution and a staff of office bearers, including Patron, President, First and Second Vice-Presidents, a Secretary and a Treasurer (which offices may be combined in one), Executive of five members and one delegate and alternate to represent the club on the Association.

2. The fees payable by clubs shall be an entrance fee, annual club fee, and annual dues by regular members.

3. The entrance fee of any new club shall be \$5.00, which must accompany the application, together with annual club fee and other dues.

4. The annual dues shall be paid in advance, as follows: a club fee of \$2.00 each year from each club, and an additional sum of 25 cents in respect of each regular member of the club. Members can be registered up to the 31st day of December in each year, and new clubs admitted up to the same time. All regular members of a club shall be duly registered with the Association.

5. From these sources shall be formed a common fund to be under the control of the Executive Council, and from which shall be defrayed the salary of the Secretary-Treasurer, printing of Annual, advertising and incidental expenses of the Association.

6. No club in arrears shall be entitled to compete in the District Matches or for any prize of the Association at the Annual Bonspiel.

7. If any club shall fall two years in arrears in the payment of annual dues, it shall be struck off the roll of the Association and shall not be reinstated except as a new club, unless the Association shall decide to the contrary by a two-thirds vote.

8. No person can be a regular member of more than one affiliated club at one and the same time, and a list of such members must be sent to Headquarters with their semi-annual reports not later than the first of November in each year.

9. Should any new members join the club during November, December and January, the secretaries must forward to the Secretary at Headquarters a list of such members not later than the date of the closing of entries so as to qualify them to take part in the Annual Bonspiel in February.

10. Persons who from change of residence or other sufficient reason find it desirable, may withdraw from one club and be received into another during the curling season, but the change before coming into effect must receive the assent of both clubs and be approved by the Executive Council of the Association.

11. No such change or any other reason shall make it lawful for any curler to play in any one season for or on behalf of more than one club for prizes allocated by the Association or given under its auspices.

12. Clubs shall classify their members as Honorary, Regular and Associate. Each club shall pay an annual fee of \$2.00, and on each regular or active member thereof a per capita tax of 25 cents per annum. These fees must accompany the annual report after the annual meetings of clubs upon the first Wednesday of April in each year. Only regular members shall be entitled to take part in Association games and be eligible for election as a Delegate to the Association.

PROCEDURE

1. At all meetings of the Association, motions or notices of motion shall be in writing and be read from the chair ere being discussed.

2. At special meetings no business shall be transacted other than that for which the meeting was convened, and which has been clearly set forth in the notice calling such meeting.

3. The same procedure shall be observed at meetings of the Executive Council as at regular and special meetings of the Association.

4. All reports of Committees to either the Council or Association shall be in writing and be duly signed by the Chairman.

5. No member shall speak on any subject more than once, except the mover, who shall be entitled to close the debate.

6. No member shall be allowed to discuss any subject that is not strictly before the meeting by a regular motion.

7. The following shall be the order of business at all regular meetings of the Association

- | | |
|--|-----------------------------------|
| (1) Reports on credentials of delegates | (7) Reports from affiliated clubs |
| (2) Reading minutes of previous meetings | (8) Executive Council report |
| (3) Admission of new clubs. | (9) Report of District Umpires |
| (4) Unfinished business | (10) Election of office bearers. |
| (5) Communications. | (11) New business. |
| (6) Accounts. | (12) Alteration of Constitution. |

RULES OF THE GAME

1. The standard length of the rink shall be 46 yards from hack to hack, and shall be laid out according to the annexed diagram.

2. From and in exact alignment with both tees, a line called the centre line, shall be drawn to a point four yards behind each tee; at this point a line shall be drawn at a right angle to the centre line, on which the hack shall be cut. The hack shall not exceed six inches in length, nor shall the inner edge thereof be more than three inches from the centre line, so that all stones shall be delivered with their centre upon the centre line.

3. No important match shall be commenced if the ice be not in a condition fairly to test the curling skill of the competing players. The umpire's decision regarding the condition of the ice shall be final in all cases.

4. All matches must be the majority of shots won, after playing a certain number of heads. In the event of both parties being equal at the conclusion of the match, play shall be continued, under the direction of the umpire by all rinks engaged, for another head, or for such additional number of heads as may be necessary to decide the match.

5. Every rink to be composed of four players a side, each using two stones, and playing one stone alternately with his opponent, and the rotation of players observed in the first head shall not be changed during the match.

6. The two skips opposing each other shall settle by lot, or in any other way they may agree upon, which party shall lead in the first head, after which the winning party shall lead.

7. The skips shall have the exclusive management and direction of the game for their respective parties, and may play last or in any part of the game they please, but are not entitled to change their places when once fixed. When their turn to play comes, they shall each appoint one of their players to act in their places as skip of the game, and must take the position of ordinary players until they have played and returned to the tee-head as skips.

8. Players during the course of each end shall be arranged along the sides, but well off the rink, as their skips may direct; and no party except when sweeping, according to rule, shall go upon the middle of the rink. Skips alone have to stand within the twelve-foot circle; the skip of the party playing to have the choice of place, and must not be obstructed by the other in front of the tee; while behind it, the privilege of both, as regards sweeping, shall be equal.

9. Every player must be ready to play when his turn comes, and shall not take more than a reasonable time to play; should he play a stone belonging to another player, any of the players may stop it while running; but if not stopped till at rest, the stone which should have been played shall be put in its place to the satisfaction of the opposing skip.

10. If a player should play out of turn, the stone so played may be stopped in its course and returned to the player; should the mistake not be discovered until the stone be at rest, or has struck another stone, the opposing skip shall add one to his score, and have the option of allowing the game to proceed, or declaring the end null and void; but if another stone has been played before the mistake has been noticed, the end must be finished as if it had been played properly from the beginning, and such missed stone shall not be played for that end.

11. If any player engaged, or belonging to either of the competing clubs, shall taunt or otherwise interrupt any other player, not of his own party, while preparing to play his stone, so as to disconcert him, one shall be added to the score of the party so interrupted, for each interruption and the play proceed.

12. If in sweeping, or otherwise, a running stone be marred by any of the party to which it belongs, it shall be put off the ice, and the opposing skip shall have option to add one to his score, and allow the game to proceed, or to call the end null and void; but if marred by any of the adverse party, it shall be placed wherever the skip of the party to which it belongs may direct. If marred in course of play after delivery in any other way excepting straws from brooms, the player shall replay the stone. Should any played stone be replaced by any of the players before the head is reckoned, it shall be placed as near as possible to where it lay, to the satisfaction of, or by the skip opposed to the party displacing it. If displaced by any neutral party both skips to agree upon the position to which it is to be returned, and if they fail to agree, the umpire shall decide.

13. The sweeping shall be under the direction and control of the skips. Upon all occasions a stone may be swept from the HOG SCORE nearest the point from which the stone is delivered, and may be swept by the party to which side it belongs until it comes to the SWEEPING SCORE; but all stones when they have passed the sweeping score may be swept by EITHER SKIP ONLY. Skips will have the liberty to sweep behind the tee at all times, except when a player is receiving directions to play from the skip. All sweeping shall be across the rink, and the sweeper must be in front of the stone being swept, and at one side thereof; and no sweepings shall either be moved forward, or left in front of a running stone or a stone "at rest."

14. All stones shall be of circular shape. No stone, including handle, shall be of greater weight than forty-seven and one-half pounds, or of greater circumference than thirty-six inches, or of less height than one-eighth part of its greatest circumference.

15. A stone which fails to pass the hog line shall be removed from the ice, unless it has been prevented from passing by striking another played stone resting inside said hog line.

16. All stones which have passed the back line shall be removed from the ice.

17. Every stone within or resting upon the outer ring shall be entitled to be counted in the game, and a stone shall not be considered over a line unless it has crossed it and entirely cleared it.

18. No stone or side of a stone shall be changed after a match has begun unless with the consent of the opposing skip. Should a stone happen to be broken during the game, the largest fragment shall be considered in the game for that end, and the player shall be entitled to use another stone or another pair, during the remainder of the game.

19. Should a played stone roll over or stop on its edge, or top, it shall be put off the ice. Should the handle quit the stone in delivery, the player shall be entitled to replay the stone if it is stopped before it reaches the hog score at the end of the rink to which it is being delivered.

20. No measuring of shots allowable previous to the termination of the end. Disputed shots to be determined by the vice-skips; or if they disagree, by the umpire; or, if there is no umpire, by some neutral person chosen by the skips. All measurements to be taken from centre of tee to nearest point of stone, after removing stones interfering.

21. If any of the competing rinks are not ready to begin play at the hour named for a match, one end shall be counted as played for every ten minutes delay; and the opposing rink, if ready to play, shall count one point in the game for each such period of time it is kept waiting.

22. No rink shall be eligible to enter for any competition or match under the jurisdiction of the Association, unless in the first game they have four bona-fide active players. If, however, after starting in any event, any member through sickness, or other unforeseen circumstances, is unable to play, then the following rule to apply.

(a) If the skip be absent, then the third man becomes skip, and the second man plays his own and the third pair of stones.

(b) If the third player be absent, the second man shall play second and third place.

(c) If the second man be absent, the lead shall play both first and second stones.

(d) If the lead be absent, the second player shall play his own as well as the lead stones.

(e) No sweeper shall be allowed for the absentee, and no rink shall continue play with less than three men.

23. After all the stones have been played in each end, the end shall be counted as follows: the side having one or more rocks nearer the centre than any of those of the opposing side shall count one point for each rock nearer such centre point, that is to say, if one skip has three rocks nearer the centre point than the other, and then the other skip has one rock the fourth nearest, then the first skip has three more, the first skip shall only count three because the fourth rock would destroy the others, and so on.

24. The game is scored by ends, the side winning the greatest number of shots in the end counts one point for each shot, and the game is totalled at the completion of the required number of ends, and the side having the greatest number of points wins the game.

25. In connection with competitions where the question is raised as to whether a game is played or defaulted, it shall be understood that all games where one end or more has been played, and for some reason the game stopped, the game shall be considered a played game, and not a default under the rules.

ICE RINKS AND POINTS GAME

1. All District Matches, as well as those played at the Annual Bonspiel or in a Points Competition, must be played on new or virgin ice, or upon neutral ice.

2. Ice for curling shall be deemed new or virgin ice:

(a) When it has not been previously played upon.

(b) When, since last played on, it shall have been sprinkled with water over the entire ice surface, before freezing.

(c) Shaving off nodules or protuberances from the surface of the ice, or the application of any mechanical operations, having for their object the bringing of the ice to a true and correct level, shall not be held as degrading ice otherwise entitled to be called new or virgin ice; but such operations must be carried on under the direction of the umpire.

(d) In no case shall any special preparation of the ice be made, intended or calculated or having for its object to facilitate the making of any particular shot, or to otherwise pervert the ice surface from the true and correct level.

3. While the main object of matches between clubs is to determine their relative skill in the game, it should ever be borne in mind that the ultimate object of curling is to develop a MANLY RECREATION, and to promote goodwill, kindly feeling, and honorable conduct among those who take part in it, and this sentiment should influence both the interpretation and the application of all the rules.

4. Rinks shall be laid out in accordance with the Points Diagrams given for the game herewith. Within the 12-foot circle, a circle 8 feet in diameter shall be drawn around the tee and a centre line or score from the hack to the hog score.

5. Lots shall be drawn for the order of playing, each competitor shall change position one place after each round, thus: The first player to be the last in playing next round, and the second player to be the first at the next, and so on. Each competitor shall use two stones, and play them, the one immediately after the other, and shall not during the competition change the side of a stone, or the stone itself, unless it happens to be broken.

6. Every competitor to play four shots at each of the nine following points of the game, viz.: Striking, Inwicking, Drawing, Guarding, Chap and Lie, Wick and Curl In, Raising, Drawing Through a Port, and Chipping the Winner, according to the following definitions, and each successful shot shall count as hereinafter provided:

(a) **STRIKING**—A stone placed on the sweeping score, and with its inner edge 2 feet from the tee. If struck to count 1, if struck out of the 12-foot circle to count 2.

(b) **INWICKING**—One stone being placed on the tee, and another with its inner edge 2 feet 6 inches from the tee, and its fore-edge on a line drawn from the tee at an angle of 45 degrees with the centre line; if the played stone strike the latter on the inside, to count 1; if it perceptibly moves both stones, to count 2.

(c) **DRAWING**—If the stone played lies within or on the 12-foot circle, to count 1; if within or on the 8-foot circle to count 2.

(d) **GUARDING**—A stone, to be guarded, placed with its fore-edge on the tee. If the stone played rests within 6 inches of the central line to count 1; if on the line to count 2.

(e) **CHAP AND LIE**—If the stone placed on the sweeping score with its inner edge one foot from the tee, be struck out of the 12-foot circle, and the played stone rests within or on the same circle, to count 1, if struck out of the 12-foot circle, and the played stone rests within or on the 8-foot circle, to count 2.

(f) **WICK AND CURL IN**—A stone being placed with its inner edge 6 feet distant from the tee, and its fore-edge on a line making an angle of 45 degrees with the central line; if the stone is struck and the played stone curls on or within the 12-foot circle, to count 1; if struck and played stone rests on or within the 8-foot circle, to count 2.

(g) **RAISING**—A stone played with its centre on the central line and its inner edge 8 feet distant from the tee, if struck within or on the 12-foot circle, to count 1; if struck within or on the 8-foot circle to count 2.

(h) **DRAWING THROUGH A PORT**—One stone to be placed with its inner edge on the central line, 10 feet in front of the tee, and another stone placed parallel thereto, and with its inner edge 2 feet from the central line; if the played stone passes between these two stones without touching either, and rests within or on the 12-foot circle, to count 1; if within or on the 8-foot circle to count 2.

(i) **CHIPPING THE WINNER**—A stone being placed on the tee and another 10 feet distant, and with its inner edge just touching the central line, and half guarding the one on the tee, and a third stone being placed 4 feet behind the tee, with its inner edge touching the central line, but on the opposite side from that on which the guard is placed; if the played stone strikes the stone placed behind the tee, to count 1; if it strikes the stone on the tee, to count 2.

N.B.—In the event of two or more competitors gaining the same number of shots, they shall play four shots at "WICK AND CURL IN."

If the competition cannot be decided by these shots, the umpire shall order one or more points to be played again by the competitors who are equal.

8. In the Point Game, the Rinks may be swept as often as required during the intervals between the playing of the stones. A player may sweep his own stone, no other person being allowed to do so, and no person shall be allowed to direct the player, except to hold the broom as the player directs.

NOTE—It will save much time if, in playing for local prizes, two rinks be prepared lying parallel to each other, the tee of one being at the reverse end of the other rink. Every competitor plays both stones up the one rink and immediately afterwards down the other; finishing thus, at one round, all his chances at that point.

It will also save much time if a code of signals be arranged between the marker and the player, such as: The marker to raise one hand when one is scored, and both hands when two are scored. In the case of a miss, both hands are to be kept down.

R. KELLETT
Carman Club, Carman, Man.
Elected Honorary Life Member

A. H. SMITH
Winnipeg
Elected Honorary Life Member

Mr. Kellett is one of the first members of the Carman Club, which was one of the first clubs to affiliate with the Manitoba Curling Association. Mr. Kellett rarely misses an Association Bonspiel, and has been a member of many of the "jewelry" rinks representing that club. He skipped the rink that won the Veteran's Competition last Bonspiel.

Mr. Smith is equally well known north and south of the international boundary. He came to Winnipeg in 1882 from London, England, and lived in the United States from 1886 to 1906, during which time he was president of the Duluth club for two years and secretary for three years, president of the Northwestern Association for two years and secretary for three years. He has been a member of the Thistle and Granite clubs since 1906 and has curled in all Manitoba Curling Associations but one since 1897.

ANDREW WILSON

Born Glasgow, September 8, 1863. Died Winnipeg, February 6, 1923.

Western Canada and Winnipeg curlers in particular lost one of their best friends in the passing of Andrew Wilson during the last bonspiel. As a past president of the Manitoba Curling Association, past president of the Granite Curling Club, and as an ardent curler, a most energetic worker and a true blue friend, pleasing memories will remain for lifetime with all who were associated with Andy Wilson.

Governor-General's Cup

(Grand Aggregate Prize)

His Excellency, Lord Byng, Governor-General of Canada, presents for competition at the Bonspiel of the Manitoba Curling Association for 1924 a handsome Silver Cup for the Grand Aggregate.

The Manitoba Curling Association presents the following individual prizes:

FIRST PRIZE—To the winners of the Governor-General's Cup taking the first place in the Grand Aggregate: Four Gold Medals.

RULES

1. Rinks must enter and play in the first four competitions, the Dingwall, Purity, Birks, Walker, unless barred by the Elimination Rules.
2. Percentage of games won and lost to decide winner.
3. No wins to count prior to the 128th series.
4. Losses to count in any round.
5. A default to count as a win, and a game forfeited to count as a loss.
6. In case of a tie, the equal rinks shall play down to decide the winner. In the play-off all games shall consist of 14 ends.
7. The medals shall become the property of the members of the winning rinks.

WINNERS

GENERAL RULES

1. Play to commence each day at 9.30 a.m., 1 p.m., 4 p.m., 8 p.m.
2. Rinks entered for any competition must have four active players and go through the open events as entered, no substitute being allowed. All players must be in good standing in their respective clubs at least thirty days prior to the Bonspiel.
3. Rinks must play as entered in all Open Events. In the Closed Events, a man may be substituted, who is not playing with any other rink in any other competition, excepting the Veterans'.
4. In the event of a rink becoming incapacitated through illness or the unavoidable absence of any player, then three members may continue to play, but no rink will be allowed to continue with less than three players.
5. If any rink is not ready to play at the hour fixed for any match, one end shall be counted as played for every ten minutes' delay. The rink not ready to play at the hour fixed shall forfeit one point for each period of time.
6. In the following restricted competitions, viz., Dominion Match, Jerry Robinson, Big Valley Coal, and Hudson's Bay, no rink from the Winnipeg District shall be eligible to play in more than one event and no visiting rink shall be allowed to play in more than 2 of such events and said rinks shall have been entered and played in two open events.
7. Unless otherwise provided in the rules governing the competition, twelve ends shall be played in each successive game, and in the event of the score being tied when twelve ends have been played an extra end or ends shall be played until the winner is decided.
8. In the event of any disagreement between skips, the decision of the Umpire shall be final. The Umpire at the close of each game, shall together with the skips, sign the score cards.
9. In any game where a dispute arises, the same shall be referred to Chairman of the Ice Committee, who is the official umpire, and in the event of either of the skips being dissatisfied with his decision, they may appeal to a committee which shall be appointed by the President, whose decision will then be final.
10. Where no specific rule is given to apply to competitions, then the General Rules of the Manitoba Curling Association shall apply.
11. All trophies, tankards and cups, shall, unless otherwise provided for, remain the property of the Association; but winners of such, who may desire to retain them for any stated time, may have them upon giving ample security for their safe return.
12. For the purpose of Rules the Dingwall, Purity Flour, Birks and Walker shall be considered Open Events.
13. The Ice Committee at its discretion may deem it necessary to add further draws at any time and are empowered by this rule to do so should the necessity arise.

14. All cup winners are required to have a group photo taken of the team before delivery of trophy and prizes, the Association to pay for two copies and the team for four. This rule will be rigidly enforced owing to the trouble and inconvenience the Association has been put to by reason of trophy winners leaving the city before having had photograph taken.

Welcome, Curlers!

"May your opportunity be large and
may you have full power to realize
and fully enjoy it."

D. R. Dingwall Ltd.

IT has been repeated many times by visitors of wide experience and travel that the Dingwall store compares favorably with the finest establishments on this continent or Europe—that it is Western Canada's finest jewelry store.

Naturally we take much pride in having contributed this distinction to our city—ever keeping in mind that our patrons by their patronage have made this possible.

It is your store. We want you to accept it as such. You will be welcome—you and your friends—whether you come as sightseer or purchaser.

THE EATON INDOOR GOLF SCHOOL

Has Best Professional Instruction

This School offers the Golfer every facility for keeping and improving his "form;" and to the beginner it offers the opportunity to learn, and to become proficient.

A capable instructor has been engaged, under whose tuition beginners can become well grounded on the principles and practices of the game by Spring, and so take to the links with confidence and assurance.

Seasoned golfers, too, can come to the school and practice their drive, use the iron, chip with the mashie and putt on the green.

Four Large Driving Courts

Allow every latitude for practice. Practice can be indulged in every day, if desired, during Store Hours; the Membership Fee for this privilege being \$5.00 for the Season or any part thereof. The same fee includes locker privileges for Clubs.

Private Instruction, 75c the Half Hour

Membership and private lesson arrangements can be made at the Sporting Goods Section, Third Floor.

BAGNALL-WYLD SYSTEM OF DRAWING

The system under which the draws were made for the competitions in the last Bonspiel, with the exception of the Dingwall and the Purity Flour Cup, is known as the Bagnall-Wyld system, and it has given entire satisfaction. The chief object of this method is to avoid byes after the first draw, because a bye is of less value in the first round than later in the competition.

If the number of entries be a power of 2, such as 4, 8, 16, 32, 64 or 128, there will be no byes in the competition. If otherwise, a preliminary extra series must be played, in which there shall be as many games as the number of entries exceeds to power of 2 next below, all the other rinks having byes. For example, if in the Dingwall competition there were 170 entries, 128 being the next lower power of 2, there would be 42 extra games played to reduce the entries to 128. Eighty-six byes with the 42 winners make 128 rinks, which is the number that will divide down without any further byes—64, 32, 16, 8, 4, 2, 1. There would be 84 rinks in the extra series of the Dingwall competition.

The number of byes is easily ascertainable by deducting the number of entries from the power of 2 over that number. For instance, if in the Dingwall Trophy there were 170 entries, deduct this from 256, the power of 2 higher, and it leaves 86, the number of byes. The rest of those entered, 84, would have to play an extra game.

It will be observed that only one draw is necessary that skips may see who their opponents will be throughout the competitions. This obviates all delay in waiting, as formerly, for successive draws. The names of skips should be written on slips of paper, carefully folded and put in a hat. They are then drawn one by one and written one below the other until the draw is completed. The pairs that are to play should next be bracketed together. Those playing the extra series should be placed in the left centre of the diagram.

CHISHOLM PROGRESSIVE DRAW

Following are the rules governing The Chisholm Progressive Draw, as originally designed for, and used in connection with the open events at the Bonspiel of the Manitoba Curling Association.

These rules are applicable only to a second event, and are dependent on the first event being drawn for play by Bagnall-Wyld method.

RULES

ENTRIES 24-31

1. All losers up to and including those defeated in the 16th round primary (16-23), shall be automatically placed in the secondary event by

Bagnall-Wyld method, and the winning 16 of this number shall occupy the upper 16 spaces in the 32nd round of a Bagnall-Wyld diagram.

2. The four losers in the 8th round primary shall be placed in the next four spaces in the 16th round secondary.

3. The two losers in the 4th round primary shall be placed in the next two spaces in the 8th round secondary, completing the diagram.

4. No rink reaching the finals of the primary competition shall be entitled to play in the secondary event.

ENTRIES 32-47.

1. All losers up to and including those defeated in the 32nd round primary (16-31), shall be automatically placed in the secondary event by Bagnall-Wyld method, and the winning 16 of this number shall occupy the upper 16 spaces in the 64th round of a Bagnall-Wyld diagram.

2. The eight losers in the 16th round primary shall be placed in the next eight spaces in the 32nd round secondary.

3. The four losers in the 8th round primary shall be placed in the next four spaces in the 16th round secondary.

4. The two losers in the 4th round primary shall be placed in the next two spaces in the 8th round secondary, completing the diagram.

5. No rink reaching the finals of the primary competition shall be entitled to play in the secondary event.

ENTRIES 48-63

1. All losers up to and including those defeated in the 32nd round primary (32-47), shall be automatically placed in the secondary event by Bagnall-Wyld method, and the winning 32 of this number shall occupy the upper 32 spaces in the 64th round of a Bagnall-Wyld diagram.

2. The eight losers in the 16th round primary shall be placed in the next eight spaces in the 32nd round secondary.

3. The four losers in the 8th round primary shall be placed in the next four spaces in the 16th round secondary, completing the diagram.

4. No rink reaching the fours of the primary competition shall be entitled to play in the secondary event.

ENTRIES 64-127

1. All losers up to and including those defeated in the 64th round primary (32-95), shall be automatically placed in the secondary event by Bagnall-Wyld method, and the winning 32 of this number shall occupy the upper 32 spaces in the 128th round of a Bagnall-Wyld diagram.

2. The 16 losers in the 32nd round primary shall be placed in the next 16 spaces in the 64th round secondary.
3. The eight losers in the 16th round primary shall be placed in the next eight spaces in the 32nd round secondary.
4. The four losers in the 8th round primary shall be placed in the next four spaces in the 16th round secondary, completing the diagram.
5. No rink reaching the fours of the primary competition shall be entitled to play in the secondary event.

ENTRIES 128-191.

1. All losers up to and including those defeated in the 128th round primary (64-127), shall be automatically placed in the secondary event by Bagnall-Wyld method, and the winning 64 of this number shall occupy the upper 64 spaces in the 256th round of a Bagnall-Wyld diagram.
2. The 32 losers in the 64th round primary shall be placed in the next 32 spaces in the 256th round secondary.
3. The 16 losers in the 32nd round primary shall be placed in the next 16 spaces in the 128th round secondary.
4. The eight losers in the 16th round primary shall be placed in the next eight spaces in the 32nd round secondary.
5. The four losers in the 8th round primary shall be placed in the next four spaces in the 16th round secondary, completing the diagram.
6. No rink reaching the fours of the primary competition shall be entitled to play in the secondary event.

ENTRIES 192-319

1. All losers up to and including those defeated in the 128th round primary (128-255), shall be automatically placed in the secondary event by Bagnall-Wyld method, and the winning 128 shall occupy the upper 128 spaces in the 256th round of a Bagnall-Wyld diagram.
2. The 32 losers in the 64th round primary shall be placed in the next 32 spaces in the 256th round secondary.
3. The 16 losers in the 32nd round primary shall be placed in the next 16 spaces in the 128th round secondary.
4. The eight losers in the 16th round primary shall be placed in the next eight spaces in the 64th round secondary.
5. The four losers in the 8th round primary shall be placed in the next four spaces in the 32nd round secondary, completing the diagram.
6. No rink reaching the fours of the primary competition shall be entitled to play in the secondary event.

HOW TO MAKE ICE

Good curling icemaking is an art; art assisted by luck and weather. The best icemaker may have his efforts spoiled by weather conditions, or by conditions that he cannot determine or define. So a good icemaker is one who makes ice that is uniformly good from year to year; he has to be judged by his percentage of results.

The ice at the Granite Rink in Winnipeg is uniformly good. A very poor sheet is seldom found there. Of course the ice there will sometimes play tricks with the genial "Billy" Murdock, who is icemaker there, but the average for good ice at the Granite is high.

When asked how he did it, Mr. Murdock willingly explained his system, but modestly said that he did not think his way was any better than scores of others. Here is given the detail of icemaking at the Granite as explained by Mr. Murdock.

The first operation is to see that the dividing planks are straight and spaced evenly. At the Granite they are spaced 14 feet apart and are 3-inch by 6-inch dressed lumber. Planks should be at least 3 inches thick at the rings; 2 inches might be sufficient thickness at centre ice.

Ground should be perfectly level. If a few inches higher in some places, longer time will be required to build up ice and thin spots are always likely to give trouble. The best foundation is light or sandy ground. Cinders are sometimes used, but they contain a certain amount of lye and ash, which will come through the ice and affect the surface. Very dry ground should be soaked before frost comes to fill up cracks. Soak ground about two inches down.

As soon as frost comes, keep sprinkling lightly with nozzle on hose until enough ice is formed to keep water from getting away. A nozzle something like a watering can sprinkler is quick and efficient. Do not put on very much water until a good body of ice is formed and no water leaks away.

As soon as enough ice is formed by sprinkling, bank up the sides and ends of sheet with wet snow, which will instantly freeze. The sheet is now ready for the first flood. Watch for any leaks; do not let any water run away. Let each flood freeze hard, then flood again, and so on until ice is about three inches thick.

Certain methods are sometimes used to make whiter ice. One way is to apply whitening on the ice after the first flood is on. This preparation

is applied with an ordinary watering can. Another way is to spread newspaper on the ice, also after the first flood. The unused ends of rolls of newspaper can be used. If newspaper is used, sprinkle the ice before and after the paper is spread out.

After the last flood, scrape ice and sweep off to remove lumps. A printer's discarded paper knife makes a good scraper. The ice is now ready to mark out.

Lay a cord exactly in centre of sheet. Then mark out hacks 138 feet apart. Mark tees 12 feet from hacks and put in rings. A good way to make rings is to drive a spike about an inch and a half through a two-by-four, near the end. Then drive spikes at distances of six inches, one foot, four feet and six feet, but not driven quite so far through as the first spike. Put the first spike firmly in the tee and scratch out the circles. Then scratch in the back line, the sweeping line, the hog line, and the centre line. Sweep all ice chips out of these scratches.

To mark lines and rings, use ultramarine blue mixed with lukewarm water just so it will run freely. Fill scratches with this-- the best method is to use an oil can with a rather small spout. When scratches are all filled with blue, carefully scrape off any blots or places where the blue has overflowed the scratches. Then sprinkle water over the blue to fill up scratches.

Next put on a very light sprinkle over the entire sheet, scrape off and sweep clean, pebble the surface, and the ice is ready.

Constant scraping and pebbling throughout the season is required to keep a good surface. In cold weather pebble with warm water; in mild weather pebble with cold water. If the ice heaves and the sheet becomes crooked, a light flood will have to be put on, which will have to be surfaced by scraping and sprinkling as before. Never put on a very heavy sprinkle or the ice will likely chip or blister.

Broken hacks may be mended by filling with warm water.

Mr. Murdock marks out his ice by laying a cord across the entire nine sheets at the sweeping line, back line and hog line. He has eyelets screwed into the sides of the building spaced at proper distances, and these he leaves in and uses season after season. He also has eyelets at the ends of the sheets which he uses year after year for the cords to lay out his centre lines.

Inquiries about icemaking are quite frequently received at the office of the Manitoba Curling Association. Mr. Murdock's methods are explained with the hope that they will be of assistance to some, and that they will elicit suggestions from others.

"KAY'S EXCELSIOR"

The Original and Genuine "KAY" Stone
Manufactured by

ANDREW KAY & CO.

Haugh, Mauchline, Scotland

We carry a full line of the above, in assorted weights from 36 to 45 lbs., together with a complete stock of Curlers' supplies.

HANDLES, GRIPS, FANCY WASHERS, BROOMS, BOXES

"Kay's Excelsior" Curling Stones have been used exclusively by the best curlers since the game has been played in this part of Canada, and they are still the favorites to-day. They are especially designed for the keen ice of Western Canada. No working down with emery, or a season's playing required to put them in running shape, as they play perfectly from the start.

Kay's Testing Machine, invented in 1898, is the only one in existence, and no curling stones can be guaranteed true and equal in running that do not, on examination and trial, stand its test.

To insure procuring the genuine "Kay" Stone, see that the words "Kay's Excelsior" are on striking band.
